

China NIL Proficiency Testing Schemes (2011) (Chemical Analysis & Mechanical Testing)

Dear Sir or Madam:

I take great pleasure in informing you that China NIL will provide some international proficiency testing schemes in 2011, which are listed in the following Table 1 and Table 2. Furthermore, many perennial proficiency testing schemes will also be provided according to the requirement of internal and international laboratories. (See NIL website <http://english.nil.org.cn>).

I hope that the information in this notification are useful for you and kindly ask you to distribute it to any testing laboratory which might be interested.

*Note: For NIL PT-0232, NIL PT-0233, NIL PT-0234, NIL PT-0265 and NIL PT-0266 two kinds of samples (discs and

chips) were available for different methods. Please choose which kind of samples you would like to receive in the registration form.

As a professional PT provider, NIL has been accredited by China National Accreditation Service Conformity Assessment (CNAS), and all PT schemes provided by NIL are operated in compliance with ISO/IEC Guide 43:1997 Part 1 and ILAC Guide G13 "Guidelines for the Requirements of the Providers of Proficiency Testing Schemes", and open to laboratories anywhere in the world.

SOME USEFUL INFORMATION OF THE SCHEMES:

*** Test samples (or specimens)**

After NIL receives the "Registration Form for PT Schemes" from the participants, test samples shall be distributed along with "INSTRUCTIONS TO PARTICIPANTS", "SAMPLES RECEIPT FORM" and "RESULT SHEET" to the laboratories participating in the scheme. In the proficiency testing schemes the samples are prepared and tested for homogeneity by the Standard Material Research Center of CISRI (Central Iron & Steel Research Institute).

*** Testing method**

The samples will be tested by the participant's preferred methods, which are generally used for providing formal reports. However it is preferable to use international or national consensus standard methods. If a standard method is used, please provide its title name and serial number.

*** Registration fees**

Registration fees should be paid as soon as the laboratory submits "Registration Form for PT Schemes". A formal invoice will be forwarded to participating laboratory together with the samples.

We earnestly await your order.

Yours sincerely

WANG Haizhou

President of China NIL Research Center for Proficiency Testing
